

Preserve your property value for the long term

Construction consulting, coordination, and financing services under one roof

Analysis MI: **Energy**

Energy planning for your property

Your needs

- Does your building meet modern standards?
- Are you familiar with the technical and energy efficiency of your building?
- If you heat with fossil fuels, are you planning to switch to renewable energy?
- Would you like to minimise your overhead costs? Maybe you are thinking about installing a PV system.

Discover the potential for making your property more energy efficient.

Receive an analytical report with

Current condition of your building

Condition of components and optimisation of energy efficiency

Comparison of rental market prices

Energy efficiency

Risks and potential

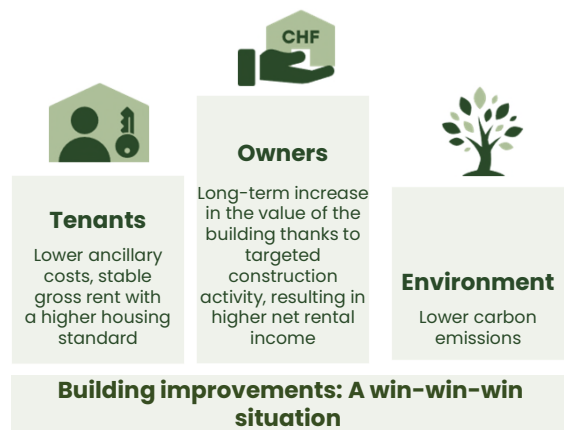

Rough costs and timeline

The benefits are clear.
