

## Preserve your property value for the long term

Construction consulting, coordination, and financing services under one roof

# Analysis M3: **Potential**

## Discover the full potential of your property

### Your needs

- Does your building meet modern standards?
- Are you planning a major renovation or significant changes to your building?
- Does your land have potential? Might you be able to add floors to your property or build an extension?
- What are the financial and environmental benefits of new construction vs. renovation?

**Realise the full potential of the building and ensure that your property retains and increases its value over the long term.**

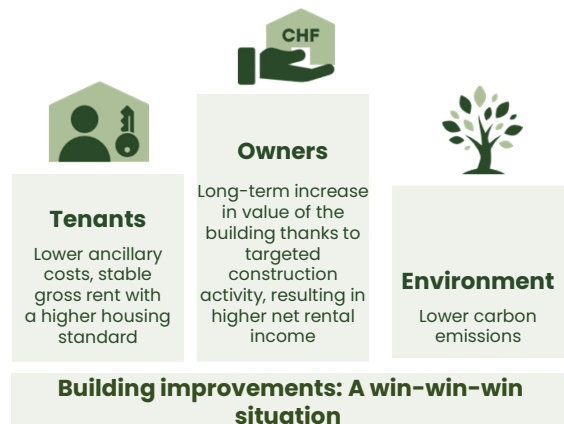

### Receive an analytical report with

						
Condition of components and best time for renovation	Comparison of rental market prices	Optimisation of energy efficiency	Risks and potential	Analysis of potential, utilisation and unused space	Total renovation plan	Rough costs and timeline

### The benefits are clear.
