

Preserve your property value for the long term

Construction consulting, coordination, and financing services under one roof

Planning: **Building Inspection**

Building inspection and analysis on site

Your needs

- Are you planning to renovate your building? Do you need a detailed inventory of each component and its condition for this?
- Does your property lack a current site map? Do you need a building inspection?

Determine the status quo and the structural condition of your real estate.

The benefits are clear.

Individual advice and products customised to your needs by Switzerland's leading real estate service provider

- Core information about your building
- Construction walk-through and clarification by a construction expert
- Overview of your property's structural condition
- Potential additions to your site map with 2D and 3D images
