

Preserve your property value for the long term

Construction consulting, coordination, and financing services under one roof

Analysis: **Special offers** Customised solutions for your property

Your needs

- Do you have specific questions about your property? Do you need assistance with particular aspects of the implementation of a plan?
- Do you want to know the construction options for your property, taking into account legal and technical issues?

Discover the options for your property and steer your construction project with a professional touch from start to finish!

The benefits are clear.

Individual advice and products customised to your needs by Switzerland's leading real estate service provider

- Construction experts can answer questions about your building and find the right solution for developing your property.
- For example: knowledge about construction law matters – can I add floors to my building? Is it possible to plan an extension?
- And how do I handle the subject of renewable energy and the fact that my building is listed?
- Effective decision-making basis for your next steps
